

Today is the last day of trading with the warrant TO2

Today, September 11, is the last day of trading in the warrants of series 2018/2019 (TO2). It is then possible to exercise of TO2 to subscribe for shares up until and including September 13, 2019. However, some trustees may take one or several days for their own processing, which means that in some cases the last day for redemption of TO2 may be earlier.

For holders of TO2 registered with a trustee, they should contact their trustee regarding the exercise of TO2 to subscribe for shares. Some trustees may take one or several days for their own processing, which may mean that the last day for exercise of the warrants is one day or, in some cases, several days earlier.

For registered holders of TO2, the application form and instructions regarding the payment and exercise of the warrants to subscribe for shares are available on enviro's website www.envirosystems.se and on Mangold Fondkommission AB's website www.mangold.se.

Full terms and conditions for the warrants TO2 are available on Enviro's website, www.envirosystems.se.

Enviro develops, builds, and operates plants for recycling valuable resources from end-of-life tyres in the international market. The company has developed a process based on patented technology in which tyres are heated in an acid-free environment, which allows various tyre materials to be recycled without incineration. This achieves an environmentally friendly extraction where gas is used to operate the plant and the valuable resources of carbon black, oil, and steel are sold in the market. The material is used in new products, which helps customers meet sustainability targets and reduces the need for fossil resources. Enviro was founded in 2001. Its headquarters are located in Gothenburg and it operates a plant for the recycling of end-of-life tyres in Åsensbruk, Sweden. The company is listed for trade in Nasdaq First North Growth Market with Mangold Fondkommission, 08 5030 1550, ca@mangold.se as its Certified Adviser. www.envirosystems.se
